Hi Brian,

Sorry - this is still on my to-do list. This week is AGU and I have another paper due. Let me know if you need the content urgently or if another week slide is ok. We would like to give you some nice graphics for the paper:)

Hi Brian,

Hope you're doing well. Ved and I chatted about this earlier this week, and to avoid doing double work we'll prepare something together and send that to you instead of doing it separately. Ved will cover most of the written content and flight tracks for Radford. I'll prepare a few graphics for McAlester.

Cheers,  
Ron

Hi Brian,

Ditto. I'll do the same for the McAlester flight paths & maps as well. I have been traveling over the Thanksgiving break. I should get this to you later this week. I return to Ames on Wednesday.

Cheers,  
Ron
